If these temporary regulations are necessary for a period longer than two weeks, the City Clerk shall be notified in writing of the extended order.

TRAFFIC-CONTROL DEVICES**§ 70.15 SIGNAL LEGENDS.**

Whenever traffic is regulated or controlled exclusively by a traffic-control sign or signs exhibiting the words "Go," "Caution," or "Stop," or exhibiting different colored lights for purposes of traffic control, the following colors only shall be used, and these terms and lights shall indicate and be obeyed as follows:

(A) *Green alone or "Go."* Vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. However, vehicular traffic shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection at the time such signal is exhibited.

(B) *Steady yellow alone or "Caution" when shown following the green or "Go" signal.* Vehicular traffic facing a steady yellow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection. Vehicular traffic facing a steady yellow signal may enter and clear the intersection.

(C) *Red alone or double red or "Stop."* Vehicular traffic facing the signal shall stop before entering the nearest crosswalk at an intersection or at such other point as may be indicated by a clearly visible line, and shall remain standing until green or "Go" is shown alone.

(D) *Flashing red alone.* Vehicular traffic facing the signal shall stop before entering the nearest crosswalk at an intersection or at such other point as may be indicated by a clearly visible line, and shall not again proceed until it can do so without danger.

(E) *Flashing amber alone.* Vehicular traffic facing the signal shall reduce its speed and proceed cautiously across the intersection controlled by such signal.

(F) *“Yield Right-of-Way.”* Vehicular traffic facing the “Yield Right-of-Way” sign shall bear the primary responsibility of safely entering the primary intersecting or merging right-of-way. All traffic facing the sign shall yield the right-of-way to all vehicles and pedestrians within such primary intersecting or merging right-of-way. No vehicle facing a “Yield Right-of-Way” sign shall enter the merging or intersecting right-of-way at a speed in excess of 15 miles per hour, except that this speed limit shall not apply to vehicles entering an expressway.

(G) *Lane lights.* When lane lights are installed over any street for the purpose of controlling the direction of flow of traffic, vehicular traffic shall move only in traffic lanes over which green arrows appear. However, when flashing amber lights appear above a lane all left turns shall be made from that lane. Where red arrows appear above such lanes, vehicles shall not move against them. If flashing amber lights show above a lane, that lane shall be used only for passing and for left turns unless a sign at such place prohibits such turn.

(A) It shall be unlawful for any person to place, maintain, or display on or in view of any street any unauthorized sign, signal, marking, or device which purports to be or is an imitation of or resembles an official traffic device or railroad sign or signal which attempts or purports to direct the movement of traffic, or which conceals or hides from view or interferes with the effectiveness of any official control device or any railroad sign or signal. No person shall place or maintain, nor shall any public authority permit on any street, any traffic sign or signal any commercial advertising. Nothing in this section shall be construed as restricting any public department or public utility of the city in any emergency or temporarily from marking or erecting any traffic barrier or sign whose placing has been approved by the city.

(B) Every such prohibited sign, signal, or marking is declared to be a public nuisance and the city is empowered forthwith to remove it or cause it to be removed.

(A) It shall be unlawful to operate any vehicle or permit it to remain standing in any street in such manner as to create an obstruction thereof.

(B) It shall be unlawful for the operator of any vehicle to enter any intersection or crosswalk unless there is sufficient space on the other side of the intersection or crosswalk to accommodate the vehicle without obstructing the passage of other vehicles or pedestrians, notwithstanding the indication of any traffic-control signal which may be located at the intersection or crosswalk.

(C) Any intersection deemed by the city to be of special or critical importance to the movement of traffic shall be marked in a distinctive manner in order to indicate its importance. Should the operator of any vehicle enter any intersection so marked when there is insufficient room on the other side of the intersection to accommodate the vehicle, the indication of any traffic-control signal notwithstanding, he shall be deemed to have violated this division rather than division (B) above. Penalty, see § 71.99

§ 71.02 REVERSE OR U TURNS.

The operator of any vehicle shall not turn such vehicle so as to proceed in the opposite direction unless such movement can be made in safety without interfering with other traffic. (KRS 189.330(8)) Penalty, see § 71.99

§ 71.03 BACKING VEHICLES.

It shall be unlawful for the operator of any vehicle to back the vehicle at any intersection for the purpose of executing a turning movement. A vehicle from any parking position shall be backed by the operator in such manner as to proceed on the same side of the roadway in the lawful direction of travel. Penalty, see § 71.99

(A) It shall be unlawful for the operator of any vehicle to drive within any sidewalk space except at a permanent or temporary driveway or by special permit from the Chief of Police or other authorized city official.

(B) It shall be unlawful for the operator of any vehicle to drive the vehicle out of any alley, driveway, building, or lot and across a sidewalk, or its extension across the alley, unless the vehicle has been brought to a complete stop immediately prior to crossing the sidewalk or its extension. On entering the roadway from the alley, driveway, or building the operator shall yield the right-of-way to all vehicles approaching on the roadway. The operator of any vehicle intending to cross a sidewalk and turn into an alley from the roadway may do so at low speed and with caution.
Penalty, see § 71.99

§ 71.05 SPEED LIMITS; UNSAFE SPEED.

(A) As used in this section the term *MOTOR VEHICLE* means any vehicle powered in whole or in part by a motor of any type, and includes all two, three and four wheeled vehicles.

(B) No person shall operate a motor vehicle on any street, highway or public thoroughfare in any speed zone in excess of the maximum speed established for that zone.

(C) No person shall at any time operate a motor vehicle on any street, highway or public thoroughfare in the city at any unsafe speed, even though such speed may be less than the maximum established for that speed zone. As used herein “unsafe speed” means a speed which, due to unusual or abnormal conditions which are or should be readily apparent to the operator of the motor vehicle, and which make the operation of a motor vehicle at such speed reasonably likely to cause accident or injury to the subject motor vehicle or to other persons, vehicles or to other persons, vehicles or property in the immediate vicinity.

(D) Nothing contained herein shall prohibit the establishment of temporary or emergency maximum speed limits within any speed zone by the city or any law enforcement agency. During the time that any such temporary or emergency maximum speed limit shall be in force, such temporary or emergency speed limits shall be clearly posted and shall take precedence over the maximum speed limits hereinabove provided for. During the time that any such temporary or emergency maximum speed limit is in effect, no person shall operate a motor vehicle on any street, highway or public thoroughfare within the area covered by the temporary or emergency speed limits at speeds in excess of the temporary or emergency maximum speed limits.

(E) School zones may be established within any other speed zone established by this section or Chapter 74, Schedule I. Maximum speed limits within school zones shall be clearly posted within such zones and shall take precedence over the regular maximum speed limit for such zone. Maximum speed limits within school zones may be temporary and in force only during certain hours and/or certain days. At any time the school zone speed limit is not in effect, the regular maximum speed limit established for that zone shall be effective.

(Ord. 82-3, passed 3- -82)

ACCIDENTS**§ 71.15 DUTY OF OPERATOR.**

(B) Upon the approach of any emergency vehicle operated in conformity with the provisions of division (A) above, the operator of every vehicle shall immediately stop clear of any intersection and shall keep such position until the emergency vehicle has passed, unless directed otherwise by a police officer or firefighter.

(C) No operator of any vehicle, unless he is on official business, shall follow any emergency vehicle being operated in conformity with the provisions of division (A) above closer than 500 feet, nor shall he drive into, park the vehicle into, or park the vehicle within the block where the vehicle has stopped in answer to an emergency call or alarm, unless he is directed otherwise by a police officer or firefighter.

(B) If a vehicle described in division (A) is placed in a garage or other storage facility, the owner of the facility shall attempt to provide the notice provided in division (A) by certified mail to the registered owner at the address of record of the motor vehicle or lessor of a motor carrier as defined in KRS Chapter 281 within ten business days of recovery of, or taking possession of the motor vehicle. When the owner of the facility fails to provide notice as provided herein, the motor vehicle storage facility shall forfeit all storage fees accrued after ten business days from the date of tow. If the proceeds of the sale of any vehicle pursuant to this section are insufficient to satisfy accrued charges for towing, transporting, and storage, the sale and collection of proceeds shall not constitute a waiver or release of responsibility for payment of unpaid towing, transporting, and storage charges by the owner or responsible casualty insurer of the vehicle. If the above-referenced certified letter is not sent within the 15 days by the towing and storage company, then only 15 days of storage may be charged. The lien holder has the right to take possession of the motor vehicle after showing proof of lien still enforced, and paying the reasonable or agreed towing and storage charges on the motor vehicle. Nothing in this section shall allow the transfer of a vehicle subject to a lien, except as provided in KRS 186A.190.
